

Dräger X-plore® Rd40 Filters Filter

Whether used in chemical industry or automobile industry, shipbuilding, metal processing industry, or by public utility services—for decades Dräger respiratory protection filters have been a synonym for experience and safety worldwide. They clean breathable air from contaminants in a low-cost and effective manner.

Benefits

Broad filter range

The Dräger X-plore® Rd40 filter series offers various filter types for major applications and protects against many hazardous substances – from phosphine to tear gas to particulates.

Long life

The gas filters and combination filters have a shelf-life of six years, and the particle filters have a shelf life of twelve years from date of manufacture.

Resealable individual packaging

The filters are packed individually to ensure optimum protection, and the packaging is resealable for storage.

Supporting filter selection

The Dräger VOICE database of hazardous substances offers comprehensive support for selecting filters.

Aluminum housing

The aluminum housing ensures that any damage to the filter is easily detected, providing extra security.

CE marking

All filters are CE-marked in accordance with EN 14387 and/or EN 143:2000.
